Dear Mr. Gospodnetic:

Thank you for sending me the Matz composition. I do appreciate Mr. Matz's contribution to the contemporary educational cello literature. His dedication and expertise in the field has produced much needed material for the young cellists.

I have recommended the use of this material wherever I give classes to teachers.

When you write to Mr. Matz please convey to him my best wishes and warm regards, and good luck on your venture.

Cordially,

Dr. Janos Starker
